SPECIAL MEETING OF S. J. A. PARENTS CLUB FRIDAY, JAN. 11TH

As the time is so short, personal contact will be impossible so please everyone interested, consider this notice is meant for YOU and be sure to attend the meeting, this Friday night.

CHAMBER COMMERCE ACTIVITIES

Today marks the beginning of the Hancock County Chamber of Commerce slogan contest and it is anticipated that the majority of the citizens of this county will forward a slogan which will be judged by an impartial board selected by the directors. None of the immediate family of the judges will be qualified to enter the contest. Fifty dollars cash will be awarded the winner and rules and regulations will be found elsewhere in this publication.

Monday of this week President Voight and Secretary Reboul called on Mr. W. P. Sweat, President of the Mississippi Power Company in Gulfport and discussed industrial possibilities for our County. Mr. Sweat advised that effective January 15th, they would have an industrial representative whose duty it will be to call on all towns and cities where they operate and discuss the future and present plans for industrial expansion as well as make complete surveys in the interest of securing new industries. Bay St. Louis and Hancock County will be one of the first that this representative will visit. We look forward to his coming and further information will be announced through this medium.

There is a good deal of enthusiasm in the County regarding the planting of sweet potatoes for human consumption as well as live stock feed and in this connection the Chamber of Commerce has been compiling considerable information and any farmer that might be interested in this crop can secure valuable cooperation from the Chamber of Commerce as well as his County agent. The dehydration of Sweet Potatoes is a major industry in our sister State, Louisiana and has proved a very profitable business for the farmer. We have suitable lands for this crop also and there is no reason why the farmers of this County cannot cash in on this very lucrative industry.

H. W. CLARK TO AID INDUSTRIAL GROWTH

Appointed New Industries Representative of Mississippi Power Company

Adding further impetus to Mississippi's growing drive for new industries, L. P. Sweat, president of Mississippi Power Company, has announced the appointment of Harry W. Clark as New Industries Representative for the Company, with the appointment scheduled to become effective January 16.

Clark is a native Mississippian, born at Gulfport, and completing his high school education in the Gulfport schools. After finishing a four year course in Business Administration at the Bowling Green College of Commerce he took special work for three summers in the National Institute for Commercial Trade Organization Executives, specializing in civic promotion. He served as Secretary-Manager of the Okolona Chamber of Commerce in the fall and winter of 1938-39 and then for two and a half years as Secretary-Manager of the Coahoma County Chamber of Commerce, from which post he entered the Army in 1941. During his four years and two months in the Army he advanced to the rank of captain and for the last two years of the war was assigned to the Public Relations Division of SNAEP. Prior to the Normandy invasion and throughout all of the Central European campaigns, he was Press Liaison Officer in London as U. S. Army representative to the British Press and Service Departments. He received the Bronze Star (US) and was awarded the Order of the British Empire (MBE).

HARRY W. CLARK

In announcing Clark's appointment, Mr. Sweat said, "From the beginning of the company 21 years ago, we have aggressively sought to aid in the industrial advancement of Mississippi and in the 20's established a department for this purpose. Mr. Clark will assume the responsibilities in this field formerly handled by Mr. Dave Cottrell whose death occurred just as normal expansion of industrial development was halted by the war. In addition to direct negotiations toward interesting national manufacturers in Mississippi, his services in connection with industrial development will be available to all local chambers of commerce and other civic organizations in the area served by the Company."

Gift To Church

The pastor of the Baptist church is in receipt of a letter from a former Bay St. Louis resident, Mr. Jules Burg of Birmingham, and a former member of the Baptist church. Mr. Burg stated that he was sending two gas heaters for the church and that he realized when the new church is completed gas heaters will not be adequate for heat and that it will be his pleasure to give all the gas equipment needed for the church including the automatic gas unit for the auditorium. Though Mr. Burg and his family do live in Birmingham his heart is in Bay St. Louis and is a generous gesture on the part of Mr. Burg and the church has expressed its deep appreciation for this. This is the type of people who are making it possible for the Baptist to build the greatly needed church which is in the making.

S. J. A. Chatter

By Udell Favre, Senior Monday, January 7th, a group of the socialists, accompanied by Sister Louise Raphael and Sister Albertine, attended the Coast Union Sodality meeting held at Our Lady of Victory in Pascagoula. The topic under discussion was "Military Conscience." The next meeting is to be held on February 4th at St. Stanislaus.

In the recent "Biggest Catholic News of the Month" contest sponsored by Catholic Action of the South, Jane Blair, a sophomore day scholar, received an honorable mention on the paper she submitted, "Mortal Folly." An extract from her paper was given in the December 26 issue of this publication, as follows: "Names make news. Centuries ago, the world was gladdened by the joyous news, 'Behold! I bring you good tidings of great joy, that shall be to all the people. For this day is born to you a Savior, Who is Christ the Lord.' Today, a group of delegates by omitting God's name have ignored eternal news... If Puck were here he might remark disdainfully, 'These mortals have not learned the lesson.' There is no other name under heaven given to men whereby they may be saved.' 'What fools these mortals be!'"

The Dramatic Club is rehearsing a play entitled "Here Comes Charlie" to be given February 6th.

VICTORY CLOTHING COLLECTION

A nation-wide collection of used clothing was conducted last April for the needy people of war-torn Europe. The campaign was an outstanding success. A second collection known as the Victory Clothing Collection will begin this month under the same sponsorship, The United Clothing Collection Inc., and the clothing will be sent overseas and distributed by UNRRA.

At the request of President Truman, Mr. Harry J. Kaiser, will serve as Chairman of this campaign as he did in the first one. At Mr. Kaiser's request the U. S. Office of Education, through Dr. J. W. Studebaker, Commissioner, has called upon us to give the assistance we can.

We are fully aware of the serious condition prevailing in those areas of Europe devastated by war. Cold and hunger will cost the lives of many people this winter. We feel that the school leaders of Mississippi, through the assistance of the school children, and in co-operation with other local organizations, should give their support to this movement. All the clothing collected will be distributed overseas in the devastated countries on a non-partisan basis and this is the only channel through which donations of used clothing will reach Europe and Asia.

Break In Gas Pipe Quickly Repaired

On Tuesday afternoon the housewives were in a state of alarm because the gas was off and no definite assurance that it would be back on at an early period. H. Grady Perkins and the entire City Hall crew were out and discovered a complete cross section break in the transmission pipe in the canal near the overpass, of undetermined cause. As yet there is no accounting for the break. The pipe is a four inch pipe and carries 130 pound pressure. However, people were only without gas for a few hours. The crew was out until 2 a. m. checking every home where gas was used, after they had repaired the damage to the pipe. This was quick, efficient service and was appreciated by the consumers.

GUEST SPEAKER BEFORE ROTARY CLUB

Sam Favre, County Superintendent of Public Education was guest speaker at the Bay St. Louis Rotary Club on Wednesday at Hotel Reed.

He talked to the group on some of the aims and objectives of the Mississippi Educational Association for the year.

Mr. Favre stated that the appropriation for Higher Education in Mississippi is \$700,000, and in our sister State, Louisiana, it is \$6,000,000. He said there had been a 32% turn over in the teaching profession last year and the income of those leaving the profession had increased 47 per cent. He called attention to the fact that at present the state superintendent of education holds a Masters degree and this is the first time in the history of the state that this has occurred. He expressed himself as standing for the office of state superintendent being an appointive office rather than elective and should be appointed by a committee who were elected. He also stands for higher education for Negro teachers. He discussed the difficult problem of the handling of Free Text Books in the county.

The club pledged themselves to again this year sponsor an entertainment of some type for the general fund of the Kings Daughters Hospital; to sponsor senior Scouting in Bay St. Louis this year. Senior scouting includes sea scouts, air scouts and exploring scouts. T. T. Robin was named chairman of the committee on Boys Work for Bay St. Louis and was also named chairman for Bay-Pass District of Boy Scouts.

Christmas At Taylor School

Christmas was a very happy time for the pupils of R. W. Taylor school. Mr. Pitcher, as is his custom, gave the children a treat in the form of a beautiful Christmas tree with lots of presents for everyone.

There was a very good opportunity to enjoy the Christmas program. There were twenty-four children taking part in a play entitled Christmas Wishes.

Hilda Jane Favre was the Christmas fairy; Annie Ruth Mitchell was the teacher and dainty little Wanda Hatcher made a charming "Mrs. Santa Claus."

We were very busy for a few days, but when it was over we realized that these programs are really worth while and we thank Mr. Pitcher, whose generosity makes these occasions possible.

We want to thank Mr. Hall for valuable aid rendered as he put up the tree and also helped put the lights and decorations in place.

To Raise \$100,000.00 for Old Men's Home

The Executive Committee of the Board of Directors of the Old Men's Home, consisting of Hon. Creek L. Rice, Dr. F. J. Underwood, W. F. Bond, Hon. St. Corley and H. T. Newell, are asking each of the 82 counties to raise a pro rata part of the \$100,000.00 needed to buy or build a suitable home for old men that will be modern in every respect and accommodate more than twice as many as the home that burned, according to W. F. Bond, Secretary-Treasurer.

The counties are being notified now so that if anyone desires to make a donation to the Building Fund before January 1st he may have some idea as to what is expected of his county. The allotment for Hancock County is \$480.00.

Mrs. W. L. Bourgeois, 209 Union Street has been appointed as chairman, Mrs. Leo W. Seal, assisting.

Meeting of American Red Cross Tuesday, Jan. 22

DRIVE FOR USED CLOTHING

Don't forget that the drive is on for your used clothing for our less fortunate brothers and sisters across the seas. With the Bay St. Louis Rotary Club sponsoring the drive the general public should need no other soliciting and urging. The clothes you do not need are needed by others. To use the street vernacular "Nuff said." E. P. Kirkpatrick is most enthusiastic over the fact that the Rotarians are sponsoring this drive and also over the outlook for its success. You gave so generously in the last drive he feels you will do even better this time.

Husbands Return And Club Disbands

Back in the dark days of the War a group of young matrons whose husbands were overseas banded themselves into a union of ten or eleven women with one (evenings) on their hands and a void in their hearts and met each Saturday evening at the home of one of the band. What they lacked about was a way of staying sane and sane. In doing so, they were able to keep their sanity and their sanity was their strength. The 11th member to come in was Mrs. Paul Lacoste who was admitted soon after her marriage in February 45 and after her husband went overseas.

But for the war ended and the husbands began to return and the club began to lose its members. War because they were no longer "war widows."

The first husband to arrive was Charles White, Army Air Corps and then Nelson White and daughter, were so busy during the war that she had little time for the club, then came Warren Larroux, Army and Beverly Christian Larroux and their daughter was asking for a permit, soon Don McCouch, Army, was here and Edna Graham Power McCouch and their son had no thought for little things such as clubs and men overseas; the next news heard was that L. A. Rogers, Army Air Corps, was here and that Abbie Bourgeois Rogers was wearing the smile that never comes off; so later came P. G. Bernheim, a Gulfport boy by birth but by marriage he belonged here, because Lynn Arceneaux Bernheim and their little daughters were all set up at housekeeping waiting for him; by that time Betty Douglas Murtagh was in the dumps, and was still wanting to make their small daughter keep interested in the return of her father when Edward Murtagh, Jr., Army, arrived and all went merry as a marriage bell but Carolyn Nolan Madden, kept on smiling and held her head high until that time when the government saw fit to give her what was rightfully hers and because of her faith and trust in the government, Richard Madden, Navy, came sailing back to her; then Robert Lee Hamilton "Red" was back and Mildred Cagle Hamilton and her son were gleeful while "Red" marveled at his son, but everything comes to those who wait, even husbands, and so we began to ask at the post office window, "Where's Virginia Baxter Larroux?" and learned that Edwin Larroux, Army, had arrived from Okinawa, where no man wants to be; Alice Vivian Pitcairn was feeling as if she should get some new members and reorganize the club when the telegram came fluttering in and Bill was in the States. Of course Paul Lacoste is still somewhere in the Pacific but Lucy Weston Lacoste was the last to join the club and Paul was the last of the husbands to go over so Lucy must wait.

As a final fling and celebration Dr. and Mrs. J. A. Evans will entertain the girls and their husbands at a dinner on Saturday evening at their home when joy unrestrained will reign supreme for a few hours.

Welcome home husbands, and may we say so too, that you have a fine group of wives welcoming your return. They have been weighed in the balance and have not been found wanting as you know and we challenge you to get located near by as we want to keep all of you fine citizens here.

Mississippi Vet

"When I learned I could reenlist within 20 days after discharge and before January 31 and keep my grade, I decided to hang on to my hard-earned stripes!" That's one reason why Sgts. A. G. Like scores of other Mississippi veterans who reenlist daily, they like the opportunity for advancement, the good pay, retirement benefits and security the Army offers. Besides, they can pick their branch of service, any overseas theater they wish and, they get mustering out pay and \$50 bonus for each year's service plus regular GI benefits, dependency allowances, annual 30-day furloughs and 30 to 90 day furloughs at time of reenlistment. "STORY OF G. I. JOE" AT A. & G. THEATRE SUNDAY AND MONDAY

Ernie Pyle's "Story of G. I. Joe," the new Lester Cowan-United Artists screen production which glorifies the plain American infantry soldier, has a love story in its background. Yet only two women have featured roles in it. And the cast doesn't boast of even one sweeter girl.

When Producer Cowan began work on the screen version of "Joe," he decided that here was an opportunity to weave in the romantic angle without making this theme too obvious.

He was, he said, proceeding on the theory that what's in a man's mind during an emotion experience is frequently more profound and dramatic and compelling than any story action. Here, it was decided, the love interest would be taken care of through the medium of symbols or by what Mr. Cowan calls the "intangibles."

But, he filmed a sequence which pictures the marriage of a Yank officer and an American army nurse—and their not-to-private honeymoon within the shelter of an immobile ambulance which stood nearby.

There are no actual battles shown in "G. I. Joe," one sees only the effect of the battle.

The bride is a granddaughter of the late Mr. and Mrs. Octave Fayard, a girlhood here where she was connected with the office of the County Farm Agent. She is a graduate of St. Joseph Academy in New Orleans and was a general favorite with the younger set both here and in Destrahan. Many expressions of good wishes are following the young couple.

ORTTE THEATRE SUNDAY - MONDAY 'WHAT NEXT, CORPL. HARGROVE?'

Robert Walker with Keenan Wynn, Jean Porter And Chill Wills

In "What Next Corporal Hargrove?" which shows Sunday and Monday at Ortte Theatre, Robert Walker returns to the characterization which he made famous in the original G. I. comedy, "See Here, Private Hargrove," and the M-G-M sequel in even funnier and faster than its forerunner.

Having completed a somewhat hazardous basic traineeship as a Private, Hargrove now emerges a full-fledged combat Corporal with an artillery battery in France. But from the moment that he makes an unexpected but opportunity-timed entrance into a liberated French vil-

January 31 THE LAST DAY FOR MEN NOW IN THE ARMY TO RETAIN THEIR PRESENT GRADES BY REENLISTING...

Men now in the Army who reenlist before February 1 will be reenlisted in their present grade. Men honorably discharged can reenlist within 20 days after discharge in the grade they held at the time of discharge, provided they reenlist before February 1, 1946.

There's a long list of attractive reenlistment privileges in the new Armed Forces Voluntary Recruitment Act of 1945. The ability to keep your present grade is only one of them, but this privilege expires on January 31.

There are plenty of other reasons why many thousands of men have enlisted, and more thousands are enlisting every day. You'll certainly want to know all of the opportunities open to you. If you'll read them carefully, you'll know why a job in the new peacetime Regular Army is being regarded today as "The Best Job in the World."

lage as its hero, his career as a Corporal is marked by one howling episode after the other, punctuated by his dodging the somewhat overwhelming affections of the mayor's daughter.

In his latest adventures Hargrove involves himself in such diverse predicaments as embedding a truck-drawn gun in a muddy ditch, turning the tables on a Nazi patrol who have captured him, landing in the guard house after an impromptu visit to Paris, and narrowly evading being brought to the altar by the mayor's daughter. It is all one great round of hilarity.

Walker, as Hargrove, is once again the typical G. I., affable, blundering, and at all times winning the sympathy of his audience. He is given expert aid in the comic portrayal of Keenan Wynn as the buncie-artist, Pvt. Mulvehill, and by Chill Wills, again playing the sergeant who hands out the choicest pick and shovel assignments. Jean Porter, as the cast's only feminine principal, is effective as the predatory mayor's daughter.

"What Next Corporal Hargrove?" is contagiously delightful and amusing. It will undoubtedly bring on requests for further sequels.

A "Look at the Books" OR "A Finger in the Pie"?

Which is the UAW-CIO really after? Is it seeking facts—or new economic power? Does it want to know things—or run things?

These questions concern you as well as General Motors.

For years the facts about General Motors have been made public.

In spite of this, the UAW-CIO demands a chance to look at our books, with the hint that we could meet Union demands "if the truth were really known."

We have firmly declined to recognize this as a basis for bargaining:

1. The Full Facts are Published

How much General Motors takes in each year—how much it pays employees—how much it pays to stockholders—how much it pays in taxes—how much net profit we make—and many other facts are plainly stated in annual reports and quarterly reports.

These are broadcast to 425,000 stockholders from coast to coast—sent to newspapers and libraries. Additional copies are free for the asking.

2. All Figures are Thoroughly Checked

Every General Motors annual statement is audited by outside auditors. Similar figures are filed with the Securities & Exchange Commission.

Does the UAW-CIO honestly believe that General Motors would or could deceive these experts?

3. Basis of Collective Bargaining is Defined

The Wagner Act lays down the rules for collective bargaining. These cover such areas as rates of pay, hours of work, working conditions.

No mention is made of earnings, prices, sales volume, taxes and the like. These are recognized as the problems of management.

4. Something New has been Added

The obvious fact is that the UAW-CIO has gone beyond its rights under the law—and is reaching not for information but for new power—not for a look at past figures, but for the power to sit in on forecasting and planning the future.

A "look at the books" is a clever catch phrase intended as an opening wedge whereby Unions hope to pry their way into the whole field of management.

It leads surely to the day when Union bosses, under threat of strike, will demand the right to tell what we can make, when we can make it, where we can make it, and how much we must charge you—all with an eye on what labor can take out of the business, rather than on the value that goes into the product.

5. This Threatens All Business

If the Union can do this in the case of General Motors, it can do it to every business in this land of ours.

Is this just imagination? Union spokesmen have said, "The Union has stated time after time that this issue is bigger than just an ordinary wage argument, that it is bigger than the Corporation and bigger than the Union."

For Labor Unions to use the monopolistic power of their vast membership to extend the scope of wage negotiations to include more than wages, hours and working conditions is the first step toward handing the management of business over to the Union bosses.

We therefore reject the idea of a "look at the books" not because we have anything to hide but because the idea itself hides a threat to GM, to all business, and to you, the public.
